INTRODUCTION

The 1919 edition of the Wright Directory Co.'s Milwaukee City Directory is herewith presented and embodies a complete compendium of the commercial, industrial and social interests and activities of the city.

The Directory has five essential departments, viz:

The Miscellaneous Department: Pages 17 to 52 include a variety of Miscellaneous Information such as the federal, city and county executive, health, police, fire, educational, parks, water works, and other departments; churches, schools, banks, trust companies, the post office, courts, hospitals, clubs, associations, fraternal, benevolent, and labor organizations, etc.

Allen County Public Library
Ft. Wayne, Indiana

The Street and Avenue Guide is contained in pages 53 to 73.

The Buyers' Guide occupies pages 75 to 320 inclusive. This is a comprehensive arrangement of business cards and advertisements of enterprising business men and concerns, compiled under classifications appropriate to the nature of the business pursued, printed on tinted paper. This department is an invaluable aid to the buyer and is becoming more popular year-by-year.

The Alphabetical List of Names of citizens, business firms and corporations is included in pages 321 to 1,858.

The Classified Business Directory is embraced in pages 1,859 to 2,104; this department shows the various manufacturing, mercantile and professional occupations compiled under headings appropriate to the class of business pursued.

POPULATION OF GREATER MILWAUKEE

The present volume has an enrollment of 217,773 names for the area covered by the Directory. This number multiplied by 2⅜ to allow for the women and children not included in the canvass—gives "Greater Milwaukee" an estimated population of 522,655.

In former years the canvass for names stopped at the city limits proper, but this year we have included Shorewood and West Milwaukee, also the names of the citizens of the neighboring municipalities of West Allis, Wauwatosa, North Milwaukee, St. Francis, South Milwaukee, Cudahy, etc., who are in business or are employed in Milwaukee, for they are practically a part of Greater Milwaukee.

Deposits, March 4, 1919	$174,907,619.51
Bank Clearings, 1918	$1,477,205,067.74
Coal receipts, 1918, tons	5,188,167
Grain receipts for the year, bushels	76,905,019
Grain shipments by lake, bushels	26,242,932
Flour shipments by lake, barrels	2,318,594
Freight tonnage, port of Milwaukee, 1918	7,086,550
Rail Freight tonnage, 1918	14,262,459
Vessel arrivals, 1918	3,680
Postal receipts for the year ending June 30, 1919	$2,747,387.45

First City in the United States to have automobile mail delivery and connection.

Public Library, main library and seven branch libraries, 372,222 volumes.
Buildings, Expenditure 1919: City, $17,000,000.

COMMERCIAL AND INDUSTRIAL SUMMARY.

A summary of Milwaukee industry and commerce during the year 1918, follows:

Total of all manufactures	$741,188,557
Total Capital	392,644,414
Total wages Paid	141,455,203
Total Number of Employes	146,109

Ten leading manufactures in 1918:

Iron, Steel, Heavy Machinery	$155,696,044
Packed Meat	68,200,000
Leather	45,000,000
Auto Accessories, Commercial Trucks	31,000,000
Boots and Shoes	30,100,000
Coal and Wood Products	30,100,000
Electric and Phone Supplies	29,233,000
Malt	21,000,000
Hosiery, Knit Goods	12,300,000
Soap	11,475,000
Agricultural Implements	10,800,000

Milwaukee is one of the largest industrial centers of the United States, and also the city which produces a more diversified line of manufacture than any other. It draws its supply of raw materials in convenient proximity; secures its fuel by the Great Lakes water route at low rates; has ample transportation connections with the four ends of the earth; enjoys a skillful, industrious and peaceful labor constituency.

As a commercial center it possesses some decided advantages. As the metropolis of the great State of Wisconsin it has become an important distributing center for all commodities. Its jobbing and wholesale houses, which have grown into great commercial enterprises, have extended their trade connections far beyond the boundaries of the state.

MILWAUKEE AS A GREAT COMMERCIAL CENTER.

Harbor—One of the best on the Great Lakes. Navigation open all the year around. Fourteen steamship lines, including two car ferries operating across Lake Michigan; three lines of break-bulk steamers; six lines of steamers connecting with the lower lakes, and three lines for shore traffic. The inner harbor is equipped with 29 coal receiving plants, receiving a total of 5,000,000 tons with a capacity of handling 100,000

tons every ten hours, and with 18 terminal warehouses, with 525,135 square feet of floor space. Total in and out water-borne tonnage 9,000,000.

Rail Transportation—Milwaukee is next to the largest freight contributing point on three great systems of railway, the Chicago, Milwaukee & St. Paul, 10,392 miles; the Chicago & Northwestern, 10,169 miles; the Soo Line, 3,977 miles; and is an important terminal of the Grand Trunk system, 8,541 miles, and the Pere Marquette lines, 2,319 miles. An outer belt line is maintained by the Chicago & Northwestern, and another is contemplated by the "Milwaukee" road.

Interurban Lines—Convenient connections with the most important cities and villages within a radius of 100 miles of Milwaukee, extending south, southwest, west and north. Total, 278 miles. Commodious terminals are provided.

Grain Operations—The receipts for 1918 totalled 76,905,019 bushels, including wheat, 13,049,429 bushels; corn, 11,803,920 bushels; oats, 39,266,245 bushels; barley, 10,117,640 bushels; rye, 2,667,785 bushels.

Milwaukee now has forty firms which receive and sell grain, seeds, hay, etc., on consignment and storage and shipping elevators with a total annual capacity of 20,000,000 bushels of grain; a milling industry consisting of three flour mills of a combined capacity of 5,420 barrels of wheat and rye flour per day; two oat meal mills, 1,900 barrels per day; two corn products mills, which require 7,500,000 bushels of corn per annum for their capacity use; and a linseed oil mill which absorbs the flax seed receipts at this market, using in 1918, about 300,000 bushels.

Street Car Service—101 miles, most of it double track, within the one-fare limit. By a transfer system it is possible to ride twelve or more miles for a single fare, and one line carries many passengers nine miles without change of cars and for a single fare.

Hotels—Milwaukee is provided with many good hotels, several of which have national reputations for excellence. Hotels now building and contemplated will give the city exceptional facilities for housing the ever-increasing numbers of visitors that are attracted by the numerous conventions that are held in Milwaukee.

Auditorium—The finest and most modern equipped convention hall in the world. Main hall seats 10,000. Six smaller halls seating from 500 to 1,500 each. Can accommodate several conventions at the same time. Specially well adapted for conventions accompanied by industrial exhibits. Building centrally located.

MILWAUKEE'S PRODUCTIVE ABILITY.

Iron and Steel—Milwaukee is one of the largest steel casting centers and has turned out some of the largest steel and grey iron castings made in the United States.

Machinery—Has some of the largest machinery construction shops in the world. Is a large producer of water pumping, ice-making and refrigeration machinery. Has exported more excavating machinery than any other city in the country.

Engines—Has turned out large Diesel engines, the largest gas engines, Uniflow engines, and a majority of the gas engines built in the United States.

Traveling Cranes—Has the largest and best equipped plant for the manufacture of electric traveling cranes and hoists in the United States.

Mine Hoists—Constructed the largest mine hoist units in the world, now building one still larger.

Car Works—The third largest locomotive and car works in the United States, the largest owned by a railroad corporation.

Gears and Controls—Milwaukee leads the country in the manufacture of herringbone gears for power transmission and gasoline locomotives for mining and plantation use. Furnished the electric firing controls for many battleships in the United States Navy and most of the automobile electric controls used in the country.

Refrigeration Machinery—Is an important center for the construction of ice-making and refrigeration machinery.

Enameling—It is one of the largest tinware and enameling producers in the world.

Saw Mills—Manufactures 75 per cent of the heavy saw mills machinery made in the United States.

Boat Motors—Makes more outboard, detachable rowboat motors than any other city in the world.

Motorcycles—Milwaukee leads the world in the manufacture of highest quality motorcycles. Value of last year's output was over eight million dollars.

Automobile Accessories—One of the largest general automobile accessory manufacturing centers in the United States.

Leather and Shoes—Milwaukee manufactures a more varied line of leathers than any other city in the United States. Is one of the leading shoe manufacturing cities in America. Its tanneries are among the greatest in the world.

Temperature Regulation—Was the pioneer in temperature regulating devices and leads the world in the manufacture of this line.

Rubber Tires—Maintains one of the leading tire manufacturing plants in the United States.

Dyes—Has since the war built up the second largest dye industry in the United States.

Trunks and Grips—Is one of the three larger trunk and grip manufacturing centers in the United States.

Clothing—Stands as the eleventh city in the production of clothing.

Candies and Chocolates—According to population, makes more candy and chocolates than any city in the United States.

Delicatessen—Sends fresh rye bread daily to nearly all sections of the United States. This applies also to a large variety of fine prepared meats.

Dairy Capital—Is the metropolis of the greatest dairy producing state in the Union.

MILWAUKEE AS A HOME CITY

Health—Is one of the most healthful cities in the United States. While the business section lies in a valley the elevations which surround it afford most delightful residence sections and excellent drainage. Deep water intakes extending far out into Lake Michigan afford a clear, cold and abundant supply of pure drinking water.

Homes—Is essentially a "city of homes." The percentage of those owning their own homes and maintaining lawns and gardens exceeds that of any other city of the Union. It has no congested or slum districts. The residence streets are especially beautiful, many being overarched with maple and elm trees.

Beautiful Bay—One of the sights which is a source of surprise and delight to visitors is the Milwaukee bay. It suggests the Bay of Naples and is viewed from Juneau Park, near the heart of the city. No city on the Great Lakes has succeeded in reserving so beautiful a spot for public convenience and pleasure.

Parks and Boulevards—The park system is the admiration of all visitors. Every section of the city has its own park. Park area: City, 950 acres; adjacent to city, 352 acres. Boulevards, 26,000 feet.

Resorts—Within fifty minutes' ride of the famous Waukesha Springs; within two hours' ride, hundreds of Wisconsin's most beautiful lakes and summer resorts. Trains and interurban cars at all hours.

Civic—One of the most orderly and law abiding cities in the nation, having a lower percentage of vice and crime than any other large city.

Education—The standard of its school system is the highest. It maintains a great university, a state normal school, several colleges and is the first American city to maintain completely equipped trade schools as a part of the common school system.

THE MILWAUKEE ASSOCIATION OF COMMERCE.

The Milwaukee Association of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city and had its inception in a desire to promote the city's growth in home building, in manufacturing industries, in city improvement and in commercial importance. Since its inception this organization has been behind every forward movement for community betterment and it has achieved success in extending the commercial interests of the city. One of its principal purposes is to bring the citizens of the community together in real co-operative effort to comprise all differences of effort and to work harmoniously for community advancement.

For information about Milwaukee, inquirers are invited to write to Mr. Wm. George Bruce, Secretary of the Milwaukee Association of Commerce.

DIRECTORY LIBRARY.

A library embracing directories of all the principal cities throughout the United States and Canada is maintained by the publishers in their offices, 368 Milwaukee St., and a cordial invitation is extended patrons to the Milwaukee Directory to make free use of same for reference purposes.

ADVERTISING MILWAUKEE.

Copies of the Milwaukee Directory are on file in the directory libraries in all of the larger cities throughout the country where they are accessible for free reference to those seeking information regarding the City, its business interests, etc.

Stability AND Permanency

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," *"fire-sale"* and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

WRIGHT'S
Milwaukee Directory
1919

MISCELLANEOUS INFORMATION

CITY GOVERNMENT

Incorporated January 31, 1846
Municipal Election—General election of all elective officers held biennially, the next election being in 1920

Ward Boundaries

First ward shall embrace all that part of the district now comprising the City of Milwaukee which lies south of the center line of North av, north of the center line of Knapp and Juneau av, east to the center line of Milwaukee river, and of Franklin and Prospect av, west of Lake Michigan

Second ward shall embrace all that part of the city which lies west of the center line of Mil river, south of the center line of Vliet, north of the center line of Cedar and east of the center line of Eighteenth

Third ward shall embrace all that part of said city which lies east and north of the center line of Mil river, and of the straightcut harbor, and south of the center line of Knapp and Juneau av, and west of the center line of Franklin and Prospect av and Lake Mich

Fourth ward shall embrace all that part of said city which lies west of the center line of Mil river, south of the center line of Cedar, north of the center line of the main channel of Menomonee river and Grand av, and east of the ecnter line of Twentieth and Twenty-first

Fifth ward shall embrace all that part of said city, to-wit: Beginning at a point where Greenfield av produced east intersects the eastern boundary of said city, thence west along the center line of Greenfield av and its extension to a point in the center line of Second av, thence south along the center line of Second av to Orchard, thence west along the center line of Orchard to a point in the center line of Seventh av, thence north along the center line of Seventh av produced north to a point in the center line of the Menomonee river, thence east along the center line of the Menomonee river to a point where it intersects the center line of the Mil river, thence in a southeasterly direction along the center line of the Mil river of the straightcut harbor produced due eastward where it intersects the eastern boundary of said city, thence south to the point of beginning

Sixth ward shall embrace all that part of said city beginning at a point where the center line of North av and the Mil river intersects, thence west along the center line of North av to a point in the center line of Ninth, thence south along the center line of Ninth to a point in the center line of Vliet, thence east along the center line of Vliet extended to a point in the center line of the Mil river, thence northeasterly along the center line of the Mil river to the place of beginning

Seventh ward shall begin at a point at the intersecting of the center line of North av and Fifth, thence west along the center line of North av to a point in the center line of West Twenty-fourth, thence north along the center line of West Twenty-fourth to a point at the intersection of Kilbourn av and Ash, thence northeasterly along the center line of Ash to a point in the center line of Fond du Lac av and Twenty-fourth, thence north along the center line of Twenty-fourth to a point in the center line of Center, thence east along the center line of Center to a point in the center line of Fifth, thence south along the center line of Fifth to the place of beginning

Eighth ward shall embrace all that part of said city beginning at a point at the intersection of Second av and Orchard, thence west along the center line of Orchard to a point in the center line of Eleventh av, thence south along the center line of Eleventh av to a point in the center line of Lincoln av, thence east along the center line of Lincoln av to a point in the center line of Second av, thence north along the center line of Second av, to the place of beginning

Ninth ward shall embrace all that part of said city beginning at a point at the intersection of Vliet and Ninth, thence west along the center line of Vliet to a point in the center line of West Twenty-fourth, thence north along the center line of West Twenty-fourth to a point in the center line of Brown, thence east along the center line of Brown to a point in the center line of Fond du Lac av, thence southeasterly along the center line of Fond du Lac av to a point in the center line of Walnut, thence east along the center line of Walnut to a point in the center line of Ninth, thence south along the center line of Ninth to the place of beginning

Tenth ward shall embrace all that part of said city beginning at a point at the intersection of Ninth and Walnut, thence west along the center line of Walnut to a point in the center line of Fond du Lac av, thence northwesterly along the center line of Fond du Lac av to a point in the center line of Brown, thence west along the center line of Brown to a point in the center line of West Twenty-fourth, thence north along the center line of W Twenty-fourth to a point in the center line of North av, thence east along the center line of North av to a point in the center line of Ninth, thence south along the center line of Ninth to the place of beginning

Eleventh ward shall embrace all that part of said city which lies south of the center line of Greenfield av, north of the center line of Rogers, west of the center line of Eleventh av and east of the city limits

Twelfth ward shall embrace all that part of said city which lies south of the center line of Greenfield av produced due east to Lake Mich and the eastern limits of said city, north of the center line of Lincoln av, east of the center line of Second av, and west of Lake Mich and the eastern boundary of said city

Thirteenth ward shall embrace all that part of said city which lies south of the center of Hadley, north of the center line of North av, east of the center line of Fifth, and west of the center line of the Mil river

Fourteenth ward shall embrace all that part of said city which lies south of the center line of Lincoln av, west of the center line of First av and city limits, east of the center line of Eleventh av produced due south to the city limits

Fifteenth ward shall embrace all that part of said city which lies south of the center line of Vliet, west of the center line of Eighteenth, north of the center line of Cedar and east of the city limits

Sixteenth ward shall embrace all that part of said city which lies south of the center line of Cedar and Grand av, west of the center line of Twentieth and Twenty-first, north of the center line of the main channel of the Menomonee river and center line of Canal, east of the city limits

Seventeenth ward shall embrace all that part of said city which lies south of the center line of Lincoln av, east of the center line of First av and city limits, north of the center line of Oklahoma av and 150 ft s Fernwood av to Kinnic av south of Oklahoma av to city limits and west of Lake Mich

Eighteenth ward shall embrace all that part of said city which lies north of the center line of North av, south of the center line of Keefe av, east of the center line of Mil river, and west of Lake Mich

Nineteenth ward shall embrace all that part of said city beginning at a point at the intersection of Vliet and West Twenty-fourth, thence west along the center line of Vliet to the western boundary of said city, thence following the western boundary to a point in the center line of Pabst av, thence east along the center line of Pabst av to a point in the center line of Thirty-fifth, thence north along the center line of Thirty-fifth to a point in the center line of Lloyd, thence east along the center line of Lloyd to a point in the center line of Thirty-second, thence south along the center line of Thirty-second to a point in the center line of Brown, thence east along the center line of Brown to a point in the center line of West Twenty-fourth, thence south along the center line of West Twenty-fourth to the place of beginning

Twentieth ward shall embrace all that part of said city which lies north of the center line of Center, west of the center line of Teutonia av, south of the northern boundary of said city and east of the western boundary of the city

Twenty-first ward shall embrace all that part of said city which lies south of the center line of Keefe av, north of the center line of Hadley produced east to the center line of the Mil river and north of Burleigh, east of the center line of Sixth and Fifth and west of the center line of Mil river

Twenty-second ward shall embrace all that part of said city beginning at a point at the intersection of Brown and West Twenty-fourth, thence north along the center line of West Twenty-fourth to a point at the intersection of Kilbourn av and Ash, thence northeasterly along the center line of Ash to a point at the intersection of Fond du Lac av and Twenty-fourth, thence north along the center line of Twenty-fourth to a point in the center line of Center, thence west along the center line of Center to the westerly boundary of said city, thence following southerly and westerly the western boundary of said city to a point in the center line of Pabst av, thence east along the center line of Pabst av to a point in the center line of Thirty-fifth, thence north along the center line of Thirty-fifth to a point in the center line of Lloyd, thence east along the center line of Lloyd to a point in the center line of Thirty-second, thence south along the center line of Thirty-second to a point in the center line of Brown, thence east along the center line of Brown to the place of beginning

Twenty-third ward shall embrace all that part of said city which lies north of the cen-

ter line of Greenfield av and Orchard, west of the center line of Seventh av produced to its intersection with the center line of the main channel of the Menomonee river, south of the center line of the main channel of the Menomonee river and the city limits and east of the western limits of said city and Eleventh av

Twenty-fourth ward shall embrace all that part of the city which lies south of the center line of Rogers, west of the center line of Eleventh av produced due south to the city limits and center line of Forest Home av, east of the west limits of said city, and north of the south limits of said city

Twenty-fifth ward shall embrace all that part of said city which lies north of the center line of Center and east of the center line of Teutonia av south of the northern limits of said city and Burleigh, west of Fifth and Sixth and the center line of Green Bay av

UNITED STATES POST OFFICE

Rates of Postage

Postal cards shall be transmitted through the mails at a postage charge of one cent each, including the cost of manufacture

Upon all matter of the first class * * * * postage shall be charged * * * at the rate of two cents for each ounce or fraction thereof; and drop letters shall be mailed at the rate of two cents per ounce or fraction thereof, including delivery at letter-carrier offices, and one cent for each ounce or fraction thereof where free delivery by carrier is not established

2 Postage on letters deposited in rural or star-route boxes, or mailed to persons who are served by rural or star-route carriers, shall be charged at the rate of two cents for each ounce or fraction thereof

3 When persons or concerns of any city or place send their letters in bulk for mailing for local delivery at a post office at another place where the one-cent drop-letter rate is applicable, such letters are not drop-letters, and are not entitled to the one-cent drop-letter rate, but shall be charged with postage at the rate of two cents for each ounce or fraction of an ounce

FIRST CLASS—Letters and all other written matter, whether sealed or unsealed, and all other matter, sealed or fastened in any manner so that it cannot be examined, two cents for each ounce or fraction thereof

SECOND CLASS—Newspapers and periodicals (regular publications) can be mailed by the public at the rate of 1 cent for each 4 ounces or fraction thereof

THIRD CLASS—Printed matter in unsealed wrappers only (all matter enclosed in notched envelopes must pay letter rates) 1c for each 2 ounces or fraction thereof which must be fully prepaid. This includes circulars, engravings, hand bills, lithographs, music, pamphlets, proof sheets and manuscript accompanying the same, and facsimile copies of hand or typewriting, produced by a mechanical process, such as the printing press, mimeograph, multigraph, etc., shall be treated as matter of the third class, provided they are presented for mailing at the post office windows in a minimum number of 20 identical unsealed copies. Typewriting and carbon and letter-press copies thereof are first-class matter. Limit of weight, 4 pounds. Parcels of printed matter weighing more than 4 pounds are subject to parcel post rates

FOURTH CLASS MATTER—All mailable matter not included in the three preceding classes which is so prepared as to be easily withdrawn from wrapper and examined, 1 cent per ounce or fraction thereof up to 4 ounces. Packages heavier than this take parcel post zone rates

Money Orders

On and after July 1st, 1894, the fees for the issue of domestic money orders will be as follows:

For orders—Not exceeding $2.50, 3c					
Exceeding	$2.50	and not exceeding	$ 5.00		5c
"	5.00	" "	10.00		8c
"	10.00	" "	20.00		10c
"	20.00	" "	30.00		12c
"	30.00	" "	40.00		15c
"	40.00	" "	50.00		18c
"	50.00	" "	60.00		20c
"	60.00	" "	75.00		25c
"	75.00	" "	100.00		30c

Registration

Any mailable article, except unsealed parcel post matter (fourth class) may be registered upon presentation at a post office or a station, or a rural or city carrier, at the rate of ten cents for each article in addition to the regular postage, to be fully prepaid by stamps. Each article must be in perfect condition and bear the name and address of the sender. In addition to the receipt issued the sender may have a card receipt returned from the addressee on request. Up to $50.00 indemnity is payable in the event of loss in the domestic mails and $9.65 when lost in the foreign mails

Free Delivery

The free delivery of mail matter at the residences of the people desiring it is required by law in every city of 50,000 or more population, and may be established at every place containing not less than 5,000 inhabitants

Foreign Postage

The rates of package to all foreign countries (except Canada, Cuba, Panama, Mexico and Shanghai, domestic rates), and (for letters only) are as follows:

Letters, first ounce or less 5 cents; each additional ounce 3 cents (except letters for Bahamas, Barbadoes, British Honduras, British Guiana, Canada, Cuba, Dominican Republic, Dutch West Indies, England, Ireland, Scotland, Wales, Leeward Islands, Mexico, Newfoundland, New Zealand, Republic of Panama, Shanghai, China, Trinidad, including Tobago; and Windward Islands, 2c per ounce) postal cards each 2 cents; newspaper and other printed matter per 2 ounces 1 cent; commercial papers (such as legal and insurance papers deeds bills and lading invoices manuscript for publication, etc) packets not in excess of 10 ounces 5 cents; packets in excess of 10 ounces for each 2 ounces or fraction thereof 1 cent

Samples of merchandise packets not in excess of 4 ounces 2 cents; packets in excess

of 4 ounces for each two ounces or fraction thereof 1 cent. Limit of weight, 12 ounces

Parcel Post

The postmaster with the consent of the Interstate Commerce Commission may at any time change the parcel post rates and conditions. Following are the rates which were in effect July 1, 1918:

Zone	Distance	First Pound	Additional Pounds	Weight limit lbs
	Local	$0.05	00.01 @ 2 lbs	70
1	within 50 miles	.05	.01 " 1 lb	70
2	50- 150 "	.05	.01 " "	70
3	150- 350 "	.06	.02 " "	70
4	300- 600 "	.07	.04 " "	50
5	600-1000 "	.08	.06 " "	50
6	1000-1400 "	.09	.08 " "	50
7	1400-1800 "	.11	.10 " "	50
8	1800 and over	.12	.12 " "	50

Restrictions

Size limit, 84 inches in length and girth combined (total of length and around parcel)
Four ounces or under 1 cent per ounce
Over four ounces considered one pound
Fractional pounds considered pounds

Special Conditions

Ordinary postage stamps as well as special parcel post stamps may now be used on parcels and all kinds of fourth-class matter

Parcels will be mailable only at post offices branch post offices lettered and local names stations and such numbered stations as may be designated by the postmaster

All parcels must bear the return card (name and address) of the sender otherwise they will not be accepted for mailing

Fourth-class matter embraces that known as domestic parcel post mail and includes merchandise farm and factory products seeds cuttings bulbs roots scions and plants books (including catalogs) miscellaneous printed matter weighing more than 4 pounds and all other mailable matter not embraced in the first second and third classes. Classification excludes matter of a character perishable within a period reasonably required to transport and deliver and parcels of form and kind likely to injure postal employes or equipment or other mail matter

C O D—Sender of a mailable parcel of fourth-class matter on which the postage is fully prepaid may have the price of the article and the charges thereon collected from the addressee on payment of a fee of 10 cents in postage stamps affixed, provided the amount to be remitted does not exceed $50, and on the payment of a fee of 25 cents in postage stamps affixed, provided the amount to be remitted does not exceed $100. Such a parcel will be insured against injury or loss, without additional charge, in an amount equivalent to its actual value, but not to exceed $50 when a 10-cent fee is paid, and $100 when a 25-cent fee is paid

Insurance fees and conditions—Fourth-class or domestic parcel post mail (but no other) may be insured against loss, rifling, and damage upon payment of a fee of 3 cents for value not exceeding $5, or 5 cents for value not exceeding $25, or 10 cents for value not exceeding $50, or 25 cents for value not exceeding $100, in addition to the postage, both to be prepaid with stamps affixed. It may not be registered

Return Receipts for Insured Parcels may be obtained by indorsing the parcels "Return receipt desired."

ROSENTHAL CORN HUSKERS and SHREDDERS

and

ROSENTHAL FEED CUTTERS and SILO FILLERS

MILWAUKEE, WIS.

FACTORY - - - Opposite State Fair Park - - - WEST ALLIS

NATIONAL ADVERTISERS —

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS —

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

WRIGHT DIRECTORY CO.

APPRAISAL

RAU MILWAUKEE APPRAISAL SERVICE

Property is Worth More Today and You Need Accurate, Up-to-date, Insurable Values Acceptable as Proof of Loss in Case of Fire

Disinterested Certified Appraisal also useful in Reorganization, Bond Issue, Increase of Capital, Stock, Transfers, Bank Statements, Financial and other reports and generally used in Cost Systems and Accountancy as an unbiased showing in detail of the appraised values.

Briefly Describe Your Property to Us—State Whether Buildings or Equipment Also the Approximate Values, and

our literature and an appraisal proposition quoting price will be sent to you, without obligation or expense.

NAMES APPEARING IN BLACK LETTERS

In this Directory are those of people who Accomplish Things, and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that Energy and Push so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

Patronize Them!

An appraisal is a specialized service in the inspection, recording and valuing of property. American appraisal service consists of the personal services of a trained field appraisal staff for inspection, recording and reporting on the property; a specialized office staff for checking statistical and analytical work in the preparation of the appraisal reports; and an executive and service staff to plan, direct, supplement and bring the appraisal to a successful conclusion and profitable application.

The American Appraisal Company is the largest organization devoted exclusively to appraisals, valuations and reports on public utility, industrial, mineral, commercial and residence properties. Its service has covered properties of the leaders in industry in every state in the United States, every province in Canada and in Alaska, Hawaiian Islands, Mexico, Cuba and Porto Rico.

The Sign over your door

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

Wright Directory Co.
Publishers

The Superb Muscles of The Inner Tire

The muscular body of the Parco Inner Tire carries no superfluous bulk. Its scientific construction is based on the traction, cushioning, quickness and stamina expected and demanded of tires built for endurance and speed as well.

Every one of its millions of air cells are caught together with tendons of the purest rubber, absorbing every road shock and jar, a wonderfully resilient quality with all the buoyancy of a pneumatic tire---***with the danger of puncture or blowout entirely eliminated.***

The motorist who prefers SERVICE to adjustments, and to whom economy is not solely a matter of first cost is the man whose car is "Parco" shod.

Use any casing with the Parco Inner Tire and it adds 10,000 to 15,000 miles of real tire comfort.

YOUR MONEY

Before you invest your money in stocks or bonds you make your own careful investigation of the stability and profit-earning capacity of the investment. Before you invest in a motor truck, satisfy yourself on these same two points. Carefully examine the Atterbury Truck's design and construction. Compare it, item for item with any other truck at any price.
And bear in mind that 14 years of successful truck building assure you of the STABILITY of the Atterbury.

National Advertiser...

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications in your line.

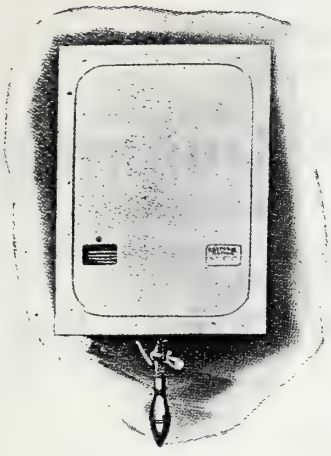
Local Advertisers

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

WRIGHT DIRECTORY CO.

Ozone Company of America

PLANKINTON ARCADE Phone Grand 3990 MILWAUKEE, WIS.



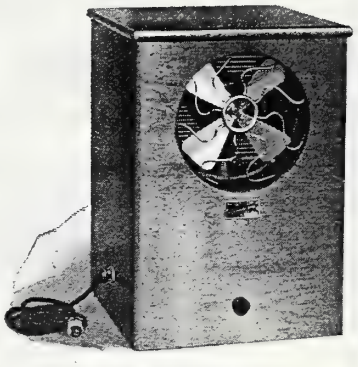
Water Purifier

Pure Water to Drink
OZONE
Water Purifier

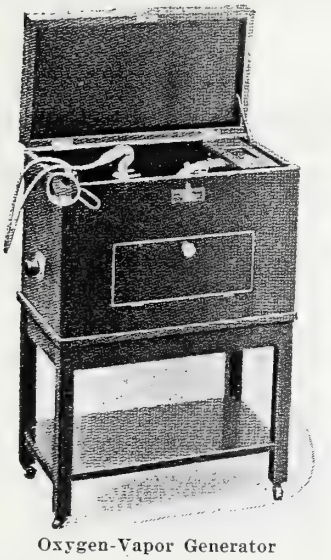
500 gallons purified for less than one cent.

Simple to install. No alterations in the walls or water piping — couples to regular faucet. An ordinary cord with plug attached to any handy light socket supplies the current.

Easily used—just turn the handle and the machine does the rest.



Air Purifier



Oxygen-Vapor Generator

Pure Air to Breathe
OZONE
Air Purifier

Air that is impure from any cause, objectionable body and clothing odors, tobacco smoke or foul air of any description absolutely eliminated.

Restored Health for the Failing.
Oxygen-Vapor Machine

In use by physicians for the last twenty years.

Physicians using our apparatus have proven that consumptives can remain at home and get far better results from Oxygen-Vapor than would be obtained under the most favorable climatic conditions that could be found.

Oxygen-Vapor treatments combine all the elements furnished by nature for the eradication of disease with none of the dangers or difficulties incident to removal from home to some favorable climate usually required to procure them.

Pure Water for the Whole Community
OZONE
Municipal Installations

Filtration has proved inadequate to purify water—chlorination is an offensive and dangerous makeshift.

We are prepared to build Ozone plants of as many units and of any size units as may be necessary.

Increased capacity requirements due to growing population present no difficulties. The simple addition of more units solves the problem.

Don't Knock—Boost

SELECTED

If you want to live in a kind of a town,
Like the kind of a town you like,
You needn't slip your clothes in a grip
And start on a long, long hike;
You'll only find what you left behind,
For there's nothing that's really new;
It's a knock at yourself when you knock your town;
It isn't your town, its you.

THE CITY DIRECTORY BOOSTS!

¶ Milwaukee's (and Wisconsin's) largest retailers of home furnishings invite you to visit their establishment---especially the ten room furnished display bungalow, which will delight every home lover.

MONTHLY INCOME, LIFE INSURANCE CONTRACT

A man should make his will giving legal effect to an ordered disposition of his property at decease and secure the widow in the enjoyment of a CONTINUOUS MONTHLY INCOME to last during her life, with no power on earth to change or stop it; impregnable against the malevolence of hypocrites. When her husband has done this, he fulfills his obligation to love and protect even to old age, and leaves the greatest tribute to his memory, characteristic of the good husband and the astute financier.

Specializing in Corporation
and Partnership Insurance

Business men who are not thoroughly familiar with the value of this class of Insurance as an aid to the credit standing of their organization are cordially invited to ask for information, without obligating themselves in any way.

HAVE YOU ENOUGH LIFE INSURANCE?

When the government itself has insured young men 21 to 31 years old up to $10,000 as they entered military service, many older business men are realizing that they need more insurance than they have carried.

Let me submit facts and figures on life insurance in the Company that leads in progressive features.

A Life Annuity

What a comforting thought this is to those who can feel such an income assured them.

Perhaps after racing along for years, living under high pressure, straining every nerve to make money and to accumulate property, you realize with disagreeable certainty that your shadow is rapidly lengthening to the Eastward and that the higher span of your active years of labor is plainly in view, and you ask yourself, "What have I gathered together that will be sufficient to guarantee me or a dependent **AN ANNUAL INCOME FOR LIFE?**"

LET THE METROPOLITAN LIFE ANSWER

It will accept from you such an amount of money as you may care to invest and in return therefore guarantee to pay you yearly, half yearly or quarterly, as you may decide, and continuing as long as you shall live, a stated, definite sum larger by far than could be earned as interest on a similar amount deposited in any institution for savings or invested in any securities offering equal safety.

Chain Conveyors and Levalley Processes

The standardized quantity production for which our country is famous has always depended greatly on conveyors.

Conveyors are undoubtedly the most economical and efficient method of transporting material within the plant.

Chain conveyors are in more and more places being preferred to other kinds.

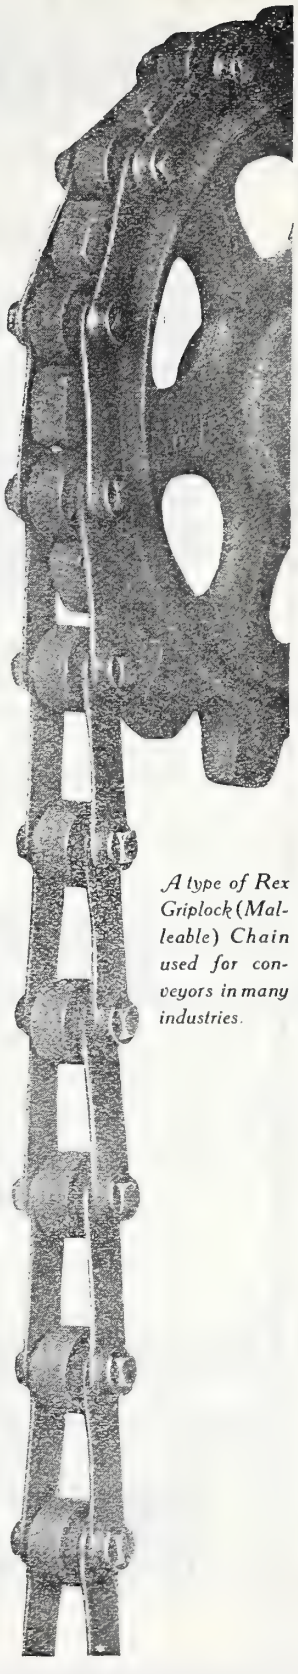
And Rex Chain is more and more being preferred for use in chain conveyors because of the value that Levalley processes give it.

In Rex Roller Chain, by a Levalley process the rollers are made absolutely round so that they track true and do not stick.

Rex Griplock Chain is stronger than its link-pins, because of a patented Levalley design.

And Rex Temperim Sprocket Wheels make conveyor chain last longer because their teeth are insured against wear through a Levalley process giving them a deep and glass-hard chill.

If your conveying equipment is costing too much in money or time, or if you are planning new systems, we will be glad to send a Rex engineer to study your problems and submit plans and estimates.



A type of Rex Griplock (Malleable) Chain used for conveyors in many industries.

KOEHRING

HEAVY DUTY MIXER

Fast charging—fast discharging—with the heavy duty construction to stand up, season after season, to top speed operation. The only mixer with the re-mixing action—concrete uniform to the last shovelful of every batch. The surest-profit factor you can bring on the job is mixer dependability in the form of Koehring heavy duty construction.

Side Loading Mixers, 7, 10, 14, 21, 28 cu. ft. capacity.

TRUNK LINE PAVER

The biggest capacity paving mixer that demands no elaboration of standard haulage equipment and at the same time is adaptable to big and small highway and street paving contracts. May be had with batch box loading derrick for use with industrial car haulage.

Koehring Pavers 12 cu. ft., 18 cu. ft., with or without loading crane to lift batch boxes from industrial cars. 8 cu. ft. without loading derrick.

Write for Catalog.

Hear the wonderful **Duo Art** Pianola. It recreates from special music-rolls the exact performances of various pianists who have made record-rolls for it.

Among these are such famous names as Bauer, Busoni, Granados, Godowsky, Gabrilowitsch, Saint-Seans, Carreno, Hamburg, Damrosch, Grainger and others.

This house is devoted exclusively to the promotion of high ideals in everything pertaining to the Musical Instrument trade.

To lose a sale, rather than to acquire one dissatisfied customer has been our policy for the past 30 years, and will continue to be so as long as we are in the business.

Aeolian-Vocalion—the most perfect Phonograph. Hear it to be convinced.
Prices ranging from $50 to $350.

A Good Opportunity

To put information about your business where people will see it, is right here.

It will be indexed and cross indexed from the headings people look at when they want to do business.

The Journal

is the paper that is read in nine out of every ten English speaking homes in Milwaukee. There is no mystery about the Journal's success. 500,000 persons in 110,000 homes have found that it offers them the day's news in the most convenient and pleasing form. No lurid sensationalism no stretching of facts, but a clear cut, clean presentation of the happenings of the hour.

You too will like The Journal. It is read by all classes---its sporting pages are up-to-the-minute, its market page is eagerly read by persons with financial interests, and its woman's page is a source of pleasure and information for the busy housewife.

Better have the carrier bring The Journal---phone Grand Six Thousand and place your order.

The Milwaukee Journal

Supreme in Milwaukee
Dominant in Wisconsin

Advertisers Get Results

FROM THE

Milwaukee Herold

This is proven by the fact that the largest and most experienced advertisers in the city use the Milwaukee Herold consistantly---continuosly.

These advertisers agree that the reason for the Milwaukee Herold's exceptional "Pulling Power" is that it is actually a home paper---a family paper with a large exclusive circulation in substantial homes.

The "Herold" Gets Results

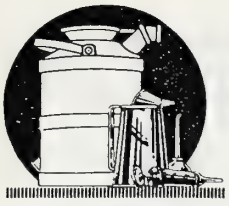
TEAMMATES



WADHAMS TRUE GASOLINE is quick-starting and smooth-running. It produces more power and greater mileage. It contains no kerosene, excess carbon or other injurious element. It costs a few pennies more at the start and it is worth more than it costs.

WADHAMS TEMPERED MOTOR OIL is as superior to the ordinary motor lubricants as Wadhams True Gasoline is superior to cracked fuel commonly offered. Comes in the easy-pouring Top-Tip containers.

FILLING STATIONS:

NATIONAL ADVERTISERS —

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "see the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS —

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

DELTOX
Grass Rugs

Two years ago the grass rug was used almost exclusively for porches and sun parlors. But because of its sanitary qualities and the remarkable development of designs and colorings, it has made a place for itself in every room in the house. Instead of a seasonable product it has through sheer merit become a daily seller all the year round. Recommend them, they will not only satisfy your customers but will make new friends for you.

The Sign over your door

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

Names Appearing in Black Letters

In This Directory are those of people who **Accomplish Things,** and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that **Energy and Push** so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

Patronize Them!

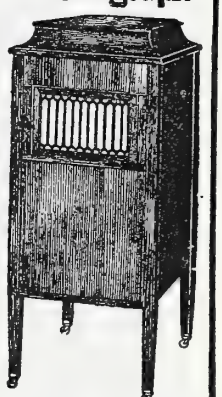
The Wonderful
AEOLIAN-VOCALION
The Most Perfect
Phonograph



In the tone of this wonderful Phonograph is greater depth and richness---less of the phonograph and more of nature---more of the subtle beauty of each voice and instrument.
Hear it demonstrated to be convinced. Prices from
$50 to $350

EDMUND E. GRAM

In conducting his own piano manufactory in Milwaukee, it has always been Mr. Gram's purpose to give the public an instrument of unquestioned merit at a moderate price. In this he has succeeded. He has embodied the best ideas of the standard makes of the world and thirty years of experience handling the highest grades of pianos has given him this advantage. See and hear this piano to be convinced.

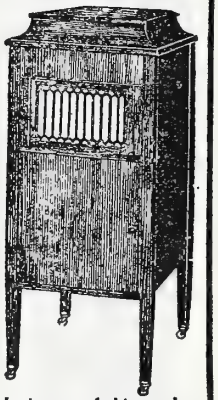
The Wonderful
AEOLIAN-VOCALION
The Most Perfect
Phonograph



In the tone of this wonderful Phonograph is greater depth and richness---less of the phonograph and more of nature---more of the subtle beauty of each voice and instrument.
Hear it demonstrated to be convinced. Prices from
$50 to $350
